Showcase

"In my view Dancewave Through College and Beyond is an essential event for college reps looking to recruit talented high school dancers who are serious about their ambitions to study dance for their Baccalaureate degree. It attracts dancers from across the country, standard of technique and performance is consistently high, and the audition process itself is very well organized."

“

I am so grateful and appreciative to Dancewave and their DTCCB event. It gave me the tools to understand the college dance process, which is totally different from the general college search. Each time I attended I gained clarity and reaffirmed my passion for dance.”

Dancewave MISSION

Dancewave provides access to a community dance experience that encourages individuality and whole-person development throughout New York City and beyond. Through innovative programming we use dance as an expressive vehicle for transformation.

HISTORY & CULTURE MODEL

Founded in 1995 by Artistic/Executive Director Diane Jacobowitz, Dancewave's unique model combines rigorous training with artistic integrity in a supportive environment. Students are mentored by accomplished dance professionals, which allows for personal growth as well as superior dance education.

The Dancewave Culture Model (DCM) is grounded in restorative practices, a social science that studies how to build social capital and achieve social discipline through participatory learning and decision-making. DCM is also guided by The Young Artist Citizens focus (YAC), which is designed to empower students to lead, take ownership of their learning, and become active members of their learning community.
